EXPLANATORY NOTE

This amendment no. 1 is being filed to correct the accounting and disclosure for the sale of 4,000,000 shares of common stock by the Company's Chief Executive Officer. In the Company's Form 10-K as originally filed, these shares were reported as returned to the Company by the Chief Executive Officer, then sold by the Company to third-party investors. This Form 10-K/A amends that disclosure as follows: The shares were sold by the Chief Executive Officer directly to the third party investors. Proceeds in the amount of \$4,000 from the sale were remitted by these investors to the Company.

Unless otherwise noted, references in this registration statement to "ALL SOFT GELS INC." the "Company," "we," "our" or "us" means ALL SOFT GELS INC.

FORWARD-LOOKING STATEMENTS

This document contains "forward-looking statements". All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including, but not limited to, any projections of earnings, revenue or other financial items; any statements of the plans, strategies and objections of management for future operations; any statements concerning proposed new services or developments; any statements regarding future economic conditions or performance; any statements or belief; and any statements of assumptions underlying any of the foregoing.

Forward-looking statements may include the words "may," "could," "estimate," "intend," "continue," "believe," "expect" or "anticipate" or other similar words. These forward-looking statements present our estimates and assumptions only as of the date of this report. Accordingly, readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the dates on which they are made. Except for our ongoing securities laws, we do not intend, and undertake no obligation, to update any forward-looking statement. Additionally, the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 most likely do not apply to our forward-looking statements as a result of being a penny stock issuer. You should, however, consult further disclosures we make in future filings of our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

Although we believe the expectations reflected in any of our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Our future financial condition and results of operations, as well as any forward-looking statements, are subject to change and inherent risks and uncertainties.

PART I

ITEM 1. BUSINESS

We were incorporated in the State of Nevada on November 18, 2013, under the name of All Soft Gels, Inc.

All Soft Gels, Inc. (“We”, or the “Company”) will market the sale of one soft gel liquid capsule (named All Soft Gels Kre-Alkalyn Liquid Gels).

GENERAL INTRODUCTION

All Soft Gels, Inc. has not commenced its major operations of having its one product a soft-gel capsule named All Soft Gels Kre-Alkalyn Liquid Gels, manufactured by an unaffiliated outside provider (Soft Gel Technologies, Inc. (SGTI) and the Company has not distributed the product to anyone. We are presently marketing All Soft Gels Kre-Alkalyn Liquid Gels in the Salt Lake City, Utah area. We will not have any All Soft Gels Kre-Alkalyn Liquid Gels manufactured until the Company has sold the product to an end user. We have not commenced our major operations.

In addition, the Company has not achieved any revenue in connection with its business for the year ended December 31, 2016. As a result, we are a startup company, that is, we have no operating history or revenue, and are at a competitive disadvantage.

The product is a liquid gel capsule containing soybean oil, kre-alkalyn creatine, gelatin, glycerin, L-glutamic acid, yellow beeswax, purified water, L-leucine, L-Arginine, and lecithin. The product is to be taken orally, preferably with water. Upon digestion, the product is absorbed to provide increased blood flow for enhanced workout ability leading to improved strength and muscle gain. One serving is two capsules per day. The product is to be used as part of a fitness and training program, and maximum benefit will occur when used in conjunction with a weight training regimen. Intended customers are adults (persons over 18 years of age) involved in fitness or weight training.

As a dietary supplement, there are no FDA requirements on this product. All Soft Gels, Inc. has not sent the product to the FDA for approval because it is not required, and because it would be a lengthy and costly process to have this product FDA approved when not required.

The soft gel liquid capsules are manufactured by Soft Gels Technologies, Inc. (SGTI), who adheres to very strict guidelines they are placed under by all agencies with whom they work. SGTI has verbally indicated that all their ingredients used in any consumable products are very closely monitored. Their business is registered as a Good Manufacturing Practices (GMP) company with NSF’s Dietary Supplement Certification program and the Natural Products Association (NPA), a status they have held for many years. They also have gone the extra step and are certified through NSF’s Athletic Banned Substances program, also known as GMP for Sport™, which means that their products will not contain any ingredients that might be of concern to professional athletes with regard to drug testing. The NSA and NPA are non-governmental third parties. SGTI’s GMP for Sport™ certification only applies to its products and not the product it will manufacture for All Soft Gels, Inc. However, in keeping with SGTI standards, the soft gel capsule SGTI will manufacture for All Soft Gels, Inc. does not and will not contain ingredients on any banned substance list.

Development of the capsules is complete, although manufacturing of the capsules will be ongoing as supply and demand dictates.

All Soft Gels, Inc. has nothing proprietary about their product. At this time, All Soft Gels, Inc. has no intellectual property in connection with the capsules. However, we believe our product is superior that of the competition due to the Kre-Alkalyn creatine being in a soft gel form, avoiding substantial product break down before digestion as happens with competitors’ products.

The competition for and difficulty in selling energy Gel Caps may affect our ability to develop profitable operations in the future. Companies that are engaged in energy Gel Caps retail products include large, established companies with substantial capabilities and long earnings records.

Initial Sales Strategy

We have established a two-prong sales approach; our approach utilizes direct sales through Mr. Nelson. Our direct sales will be conducted by Mr. Nelson. He will market the product locally in the Salt Lake City, Utah area. The Company’s current marketing strategy consists of various Point of Sale materials to include material to include advertising posters, flyers and magnetic strips with the Company name and its product developed by Mr. Nelson in the past several months. We also intend to derive sales from our internet website which is currently under development at: <http://www.allsoftgels.com>. We need further funding to complete the Company’s internet website. In addition, sales will be done by word of mouth, referrals, and online marketing.

Subsequent Sales Strategy

All Soft Gels, Inc. will commence the marketing of the liquid gels for sale to the general public and is presently developing its marketing program for the sale of the liquid gels to the general public. The Company is not offering the product to anyone at this time. All Soft Gels, Inc. is considered a development stage company because it has not commenced its major operations. In addition, the Company has not achieved any revenue in connection with its business as of December 31, 2016. As a result, we are a startup company, which means that the Company has no operating history or revenue, and therefore is at a competitive disadvantage.

We have no operating history and expect to incur losses for the foreseeable future. Should we continue to incur losses for a significant amount of time, the value of your investment in the common shares could be affected downward, and you could even lose your entire investment.

We have not yet received any revenues from our development stage operations, nor have we otherwise engaged in any business operations. All Soft Gels, Inc. is a development stage company and in the absence of revenues and operations the Independent Audit Report dated March 6, 2016, cites a going concern. The going concern statement opinion issued by the independent auditors is the result of a lack of operations and working capital.

The company will need to raise capital which concerned the independent auditors because there is insufficient cash for operations for the next twelve months. We will have to seek other sources of capital.

We established the minimum amount of \$75,000 that the company will need to raise through debt instruments such as bank loans, or private financing so that operations could start, in order to generate some type of revenue. Presently no other sources have been identified and it is unknown if any other sources will be identified. There is no assurance that the company will be able to obtain any bank loans or private financing. Additionally, we have no business plan to engage in a merger or acquisition with an unidentified company or companies, or other entity or person.

ITEM 1A. RISK FACTORS

Not applicable for smaller reporting companies.

ITEM 2. PROPERTIES

The Company uses a corporate office located at: 3904 West 3930 South, Salt Lake City, Utah 84120. This facility is being provided to the Company free of charge by Mr. Nelson. Mr. Nelson is providing his own facility free of charge until further funding can be established to grow the Company. There are currently no proposed programs for renovation, improvement or development of the facility currently in use.

ITEM 3. LEGAL PROCEEDINGS

From time to time, we may become involved in various lawsuits and legal proceedings, which arise, in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business. We are currently not aware of any such legal proceedings or claims that we believe will have a material adverse effect on our business, financial condition or operating results.

ITEM 4. MINE SAFETY DISCLOSURES

Not Applicable.

Our common stock does not provide a preemptive, subscription or conversion rights and there are no redemption or sinking fund provisions or rights. Our common stock holders are not entitled to cumulative voting for election of the board of directors.

Holders of common stock are entitled to receive ratably such dividends as may be declared by the board of directors out of funds legally available therefore as well as any distributions to the security holder. We have never paid cash dividends on our common stock, and do not expect to pay such dividends in the foreseeable future.

In the event of a liquidation, dissolution or winding up of our company, holders of common stock are entitled to share ratably in all of our assets remaining after payment of liabilities. Holders of common stock have no preemptive or other subscription or conversion rights. There are no redemption or sinking fund provisions applicable to the common stock.

(c) Dividends

The Company has never paid dividends on its common stock. The Company intends to follow a policy of retaining earnings, if any, to finance the growth of the business and does not anticipate paying any cash dividends in the foreseeable future. The declaration and payment of future dividends on the common stock will be at the sole discretion of the Board of Directors and will depend on the Company's profitability and financial condition, capital requirements, statutory and contractual restrictions, future prospects and other factors deemed relevant.

(d) Securities Authorized for Issuance under Equity Compensation Plans

The Company has not established any compensation plans to which our securities are authorized for issuance to employees or non-employees (such as directors, consultants and advisors) in exchange for consideration in the form of services.

(e) Recent Sales of Unregistered Securities

None.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

OVERVIEW AND OUTLOOK

All Soft Gels, Inc. ("The Company") was incorporated in the state of Nevada on November 18, 2013 to market a soft gel Kre-Alkalyn capsule.

For the year ended December 31, 2016, we had a net loss of \$90,733 compared to a net loss of \$50 for the year ended December 31, 2015. Our accumulated deficit as of December 31, 2016 was \$90,783.

Results of Operations for the Year Ended December 31, 2016 and December 31, 2015

Revenues

The Company had no revenues during the twelve month periods ending December 31, 2016 and December 31, 2015.

General and administrative expenses

General and administrative expenses were \$90,495 for the year ended December 31, 2016 compared to \$50 for the year ended December 31, 2015. General and administrative expense for the year ended December 31, 2016 consisted primarily of officer salary, legal and accounting fees, and bank service charges.

Interest Expense

Interest expense was \$238 for the year ended December 31, 2016 compared to \$0 for the year ended December 31, 2015. Interest expense for the year ended December 31, 2016 consisted of imputed interest on a convertible note payable.

Net loss

For the reasons above, our net loss for the year ended December 31, 2016 was \$90,733 compared to \$50 for the year ended December 31, 2015.

Liquidity and Capital Resources

The following table summarizes total current assets, liabilities and working capital at December 31, 2016 compared to December 31, 2015.

	<u>December 31,</u> <u>2016</u>	<u>December 31,</u> <u>2015</u>
Current Assets	\$ 3,580	\$ 50
Current Liabilities	\$ 84,125	\$ 100
Working Capital (Deficit)	\$ (80,545)	\$ (50)

During the year ended December 31, 2016, the Company had cash used in operating activities of \$34,890. This consisted of Company's net loss of \$90,733 and decreased by \$238 of imputed interest. The Company's cash position also increased by \$59,025 as a result of changes in the components of current assets and current liabilities. During the year ended December 31, 2016, the Company received \$35,000 as proceeds from the issuance of a convertible note payable.

As of December 31, 2016, we had cash of \$160 and had a working capital deficit of \$80,545. We do not have sufficient working capital to pay our expenses for the next 12 months. Our plan for satisfying our cash requirements and to remain operational for the next 12 months is through sale of shares of our capital stock or convertible debt. We anticipate revenue during that same period of time, but do not anticipate generating sufficient amounts of revenues to meet our working capital requirements. We cannot assure you we will be successful in meeting our working capital needs.

Should we not be able to continue to secure additional financing when needed, we may be required to slow down or suspend our business activities or reduce the scope of our current operations, any of which would have a material adverse effect on our business.

Our future capital requirements will depend on many factors, including the development of our business; the cost and availability of third-party financing for development; and administrative and legal expenses.

We anticipate that we will incur operating losses in the next twelve months. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their early stage of development. Such risks for us include, but are not limited to, an evolving and unpredictable business model; recognition of revenue sources; and the management of growth. To address these risks, we must, among other things, expand our customer base, implement and successfully execute our business and marketing strategy, respond to competitive developments, and attract, retain and motivate qualified personnel. There can be no assurance that we will be successful in addressing such risks, and the failure to do so could have a material adverse effect on our business prospects, financial condition and results of operations.

Satisfaction of our cash obligations for the next 12 months.

As of December 31, 2016, we had cash of \$160. Our plan for satisfying our cash requirements for the next twelve months is through sales-generated income, sale of shares of our common stock, third party financing, and/or traditional bank financing. We anticipate sales-generated income during that same period of time, but do not anticipate generating sufficient amounts of revenues to meet our working capital requirements. Consequently, we intend to make appropriate plans to secure sources of additional capital in the future to fund growth and expansion through additional equity or debt financing or credit facilities.

Going concern.

Our financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern, which contemplate the realization of assets and liquidation of liabilities in the normal course of business. We have incurred continuous losses from operations, have an accumulated deficit of \$90,783 and had a working capital deficit of \$80,640 at December 31, 2016, and have reported negative cash flows from operations since inception. In addition, we do not currently have the cash resources to meet our operating commitments for the next twelve months. The Company's ability to continue as a going concern must be considered in light of the problems, expenses, and complications frequently encountered by entrance into established markets and the competitive nature in which we operate.

Our ability to continue as a going concern is dependent on our ability to generate sufficient cash from operations to meet our cash needs and/or to raise funds to finance ongoing operations and repay debt. There can be no assurance, however, that we will be successful in our efforts to raise additional debt or equity capital and/or that our cash generated by our future operations will be adequate to meet our needs. These factors, among others, indicate that we may be unable to continue as a going concern for a reasonable period of time.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results or operations, liquidity, capital expenditures or capital resources that are material to investors.

Recently Issued Accounting Standards

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). The update requires lessees to recognize assets and liabilities on the balance sheet for the rights and obligations created by long-term leases. The update also requires certain qualitative and quantitative disclosures about the amount, timing and uncertainty of cash flows arising from leases. Accounting by lessors will remain largely unchanged. This update is effective for annual and interim periods beginning after December 15, 2018, with early adoption permitted. Adoption will require a modified retrospective approach beginning with the earliest period presented. We are currently evaluating the potential impact of the update on our financial statements.

In March 2016, the FASB issued ASU 2016-09, Compensation - Stock Compensation (Topic 718). The update covers such areas as the recognition of excess tax benefits and deficiencies, the classification of those excess tax benefits on the statement of cash flows, an accounting policy election for forfeitures, the amount an employer can withhold to cover income taxes and still qualify for equity classification and the classification of those taxes paid on the statement of cash flows. This update will be effective for reporting periods beginning after December 15, 2016, including interim periods within the reporting period. Early adoption is permitted. We are currently evaluating the potential impact of the update on our financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230). The update addresses eight specific cash flow issues and is intended to reduce diversity in practice in how certain cash receipts and cash payments are presented and classified in the statement of cash flows. This update will be effective for reporting periods beginning after December 15, 2017, including interim periods within the reporting period. Early adoption is permitted. We are currently evaluating the potential impact of the update on our financial statements.

There are various other updates recently issued, most of which represented technical corrections to the accounting literature or application to specific industries and are not expected to have a material impact on the Company's consolidated financial position, results of operations or cash flows.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
All Soft Gels, Inc.

We have audited the accompanying balance sheets of All Soft Gels, Inc. (the “Company”) as of December 31, 2016, and the related statements of operations, stockholders’ equity (deficit) and cash flows for the twelve month period then ended. The financial statements for the period ended December 31, 2015 were audited by other auditors whose report expressed an unqualified opinion on the financial statements. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of All Soft Gels, Inc. as of December 31, 2016, and the results of its operations and cash flows for the period described above in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has incurred recurring operating losses and negative cash flows from operations and is dependent on additional financing to fund operations. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans in regard to these matters are described in Note 2 to the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

CERTIFIED PUBLIC ACCOUNTANTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and stockholders' of All Soft Gels, Inc.

We have audited the accompanying balance sheet of All Soft Gels, Inc. (the "Company") as of December 31, 2015, and the related statements of operations, stockholders' equity, and cash flows for the year ended December 31, 2015. All Soft Gels, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting.

Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of All Soft Gels, Inc. as of December 31, 2015 and the results of its operations and its cash flows for the year ended December 31, 2015 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements the Company has suffered net losses and has had negative cash flows from operating activities during the year ended December 31, 2015. These matters raise substantial doubt about the Company's ability to continue as a going concern. Management's plans concerning these matters are also described in Note 2. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company be unable to continue as a going concern.

ALL SOFT GELS INC.
Notes to Financial Statements

Note 1 – Nature of Business and Significant Accounting Policies

Reclassifications

Certain prior year amounts have been reclassified to conform to the current period presentation. These reclassifications had no impact on net earnings, financial position, or cash flows.

Nature of Business

ALL SOFT GELS INC. (“the Company”) was incorporated in the state of Nevada on November 18, 2013 (“Inception”), to market a soft gel Kre-Alkalyn capsule.

All Soft Gels, Inc. is a development stage company. The Company has a limited history of development stage operations. All Soft Gels, Inc. has commenced its major operations of having its one product a soft-gel capsule named All Soft Gels Kre-Alkalyn Liquid Gels, manufactured by an unaffiliated outside provider (Soft Gel Technologies, Inc. (SGTI) and the Company has not distributed the product to anyone.

Basis of Presentation

The financial statements have been prepared in accordance with United States generally accepted accounting principles and reflect all adjustments which, in the opinion of management, are necessary for a fair presentation. All such adjustments are of a normal recurring nature.

The Company has adopted a fiscal year end of December 31st.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and equivalents include investments with initial maturities of three months or less. The Company maintains its cash balances at credit-worthy financial institutions that are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000. Deposits with these banks may exceed the amount of insurance provided on such deposits; however, these deposits typically may be redeemed upon demand and, therefore, bear minimal risk. The Company had no cash equivalents as of December 31, 2016 and December 31, 2015.

Income Taxes

The Company accounts for income taxes using the asset and liability method, which requires the establishment of deferred tax assets and liabilities for the temporary differences between the financial reporting basis and the tax basis of the Company’s assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is provided to the extent deferred tax assets may not be recoverable after consideration of the future reversal of deferred tax liabilities, tax planning strategies, and projected future taxable income.

Fair Value of Financial Instruments

Under FASB ASC 820-10-05, the Financial Accounting Standards Board establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. This Statement reaffirms that fair value is the relevant measurement attribute. The adoption of this standard did not have a material effect on the Company’s financial statements as reflected herein. The carrying amounts of cash and accrued expenses reported on the balance sheet are estimated by management to approximate fair value primarily due to the short term nature of the instruments. The Company had no items that required fair value measurement on a recurring basis.

Revenue recognition

For revenue from product sales, the Company recognizes revenue using four basic criteria that must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management’s judgment regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The Company defers any revenue for which the product has not been delivered or is subject to refund until such time that the Company and the customer jointly determine that the product has been delivered or no refund will be required.

ALL SOFT GELS INC.
Notes to Financial Statements

Basic and Diluted Loss Per Share

The basic net loss per common share is computed by dividing the net loss by the weighted average number of common shares outstanding. Diluted net loss per common share is computed by dividing the net loss adjusted on an "as if converted" basis, by the weighted average number of common shares outstanding plus potential dilutive securities. For the periods presented, there were no outstanding potential common stock equivalents and therefore basic and diluted earnings per share result in the same figure.

Stock-Based Compensation

The Company adopted FASB guidance on stock based compensation upon inception at November 18, 2013. Under FASB ASC 718-10-30-2, all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative. The Company did not issue any stock or options for services or compensation for the years ended December 31, 2016 and December 31, 2015.

Our employee stock-based compensation awards are accounted for under the fair value method of accounting, as such, we record the related expense based on the more reliable measurement of the services provided, or the fair market value of the stock issued multiplied by the number of shares awarded.

We account for our employee stock options under the fair value method of accounting using a Black-Scholes valuation model to measure stock option expense at the date of grant. We do not backdate, re-price, or grant stock-based awards retroactively. As of the date of this report, we have not issued any stock options.

Recently Issued Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). The update requires lessees to recognize assets and liabilities on the balance sheet for the rights and obligations created by long-term leases. The update also requires certain qualitative and quantitative disclosures about the amount, timing and uncertainty of cash flows arising from leases. Accounting by lessors will remain largely unchanged. This update is effective for annual and interim periods beginning after December 15, 2018, with early adoption permitted. Adoption will require a modified retrospective approach beginning with the earliest period presented. We are currently evaluating the potential impact of the update on our financial statements.

In March 2016, the FASB issued ASU 2016-09, Compensation - Stock Compensation (Topic 718). The update covers such areas as the recognition of excess tax benefits and deficiencies, the classification of those excess tax benefits on the statement of cash flows, an accounting policy election for forfeitures, the amount an employer can withhold to cover income taxes and still qualify for equity classification and the classification of those taxes paid on the statement of cash flows. This update will be effective for reporting periods beginning after December 15, 2016, including interim periods within the reporting period. Early adoption is permitted. We are currently evaluating the potential impact of the update on our financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230). The update addresses eight specific cash flow issues and is intended to reduce diversity in practice in how certain cash receipts and cash payments are presented and classified in the statement of cash flows. This update will be effective for reporting periods beginning after December 15, 2017, including interim periods within the reporting period. Early adoption is permitted. We are currently evaluating the potential impact of the update on our financial statements.

There are various other updates recently issued, most of which represented technical corrections to the accounting literature or application to specific industries and are not expected to have a material impact on the Company's consolidated financial position, results of operations or cash flows.

Note 2 – Going Concern

As shown in the accompanying financial statements, the Company has incurred recurring net losses from operations resulting in an accumulated deficit of \$90,783, has cash of \$160 and has a working capital deficit of \$80,545 as of December 31, 2016. The Company has generated no revenues. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management is actively pursuing new ventures to increase revenues. In addition, the Company is currently seeking additional sources of capital to fund short term operations. The Company, however, is dependent upon its ability to secure equity and/or debt financing and there are no assurances that the Company will be successful, therefore, without sufficient financing it would be unlikely for the Company to continue as a going concern.

ALL SOFT GELS INC.
Notes to Financial Statements

The financial statements do not include any adjustments that might result from the outcome of any uncertainty as to the Company's ability to continue as a going concern. The financial statements also do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 3 – Inventory

Inventory consists of soft-gel capsules produced by an independent third-party vendor. At December 31, 2016 and 2015, inventory consisted of the following:

	<u>2016</u>	<u>2015</u>
Finished Goods Inventory	\$ 3,420	\$ -

On December 15, 2016 the Company bought 1,200 Bottles of Liquid Gels from S.T Distributing for the amount of \$3,420. Inventory is valued at the lower of cost or market, and is determined by the first-in, first-out method.

Note 4 – Convertible Notes Payable

In November 2016, the Company issued a convertible note payable to a third party investor for cash proceeds in the amount of \$35,000 (the "November 2016 Convertible Note". The November 2016 Convertible Note is due 90 days from the date of the note. At the discretion of the investor, this note is also convertible into common stock of the Company 90 days after issuance at a rate of \$0.002 per share, or a total of 17,500,000 shares. Since the conversion price of the November 2017 Convertible Note was above the stock price of \$0.001 established in recent transactions, there was no beneficial conversion feature or discount associated with this note. The Company calculated imputed at the rate of 8% per year on this note, and charged the amount of \$238 to operations and credited additional paid-in capital during the twelve months ended December 31, 2016.

Note 5 – Stockholders' Equity

The Company is authorized to issue 50,000,000 shares of \$0.001 par value common stock. The Company has 10,000,000 common shares issued and outstanding as of December 31, 2016 and December 31, 2015.

On November 18, 2013, the Company issued 10,000,000 founder's shares of common stock at the par value of \$0.001 to the Company's CEO, Gene Nelson, in exchange for a subscription receivable in the amount of \$10,000. During the twelve months ended December 31, 2016, the Company offset this subscription receivable against accrued salary due to Mr. Nelson.

During the year ended December 31, 2016, the Company recorded imputed interest in the amount of \$238 on the November 2016 Convertible Note. Imputed interest was charged to additional paid in capital during the period.

Note 6 – Related Party Transactions

On November 18, 2013, the Company issued 10,000,000 founder's shares of common stock at the par value of \$0.001 to the Company's CEO, Gene Nelson in exchange for a subscription receivable in the amount of \$10,000. During the twelve months ended December 31, 2016, the Company offset this subscription receivable against the accrued salary due to Mr. Nelson. .

On December 22, 2015, the Company's CEO Gene Nelson provided an advance of \$50 in cash, which was recorded as a current liability as of December 31, 2015. The advance was non-interest bearing and due on demand. In May 2016, Mr. Nelson sold to third-party investors 4,000,000 shares of common stock for \$4,000 which was remitted to the Company by the third-party investors in May 2016. These shares were registered under Form S-1, which was deemed effective on April 22, 2016. Mr. Nelson, the selling shareholder of the shares to the third-party investors, in having them remit their payments to the Company, in essence loaned the company the \$4,000 from the sales, for which he was repaid by the company at a later date.

ALL SOFT GELS INC.
Notes to Financial Statements

Effective January 15, 2016, the Company entered into an employment agreement with Gene Nelson, its President and Chief Executive Office. This agreement is for a two-year term, and provides Mr. Nelson with a salary of \$55,000 per year. During the year ended December 31, 2016, the amount of \$52,708 was accrued as payable to Mr. Nelson under this contract; of this amount. During the year ended December 31, 2016, \$10,000 of Mr. Nelson's accrued salary payable was offset against common stock subscriptions receivable. At December 31, 2016, the net amount due to Mr. Nelson for accrued salary was \$42,708.

Note 7 – Income Taxes

The Company accounts for income taxes under FASB ASC 740-10, which provides for an asset and liability approach of accounting for income taxes. Under this approach, deferred tax assets and liabilities are recognized based on anticipated future tax consequences, using currently enacted tax laws, attributed to temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts calculated for income tax purposes.

As of December 31, 2016 and 2015, the Company had incurred a net operating loss and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets.

The tax effects of the temporary differences that give rise to the Company's estimated deferred tax assets and liabilities are as follows:

	<u>December 31,</u> <u>2016</u>	<u>December 31,</u> <u>2015</u>
Federal and state statutory rate	34%	34%
Net operating loss carry forwards	30,855	17
Valuation allowance for deferred tax assets	(30,855)	(17)
Net deferred tax assets	<u>-</u>	<u>-</u>

As of December 31, 2016 and 2015, the Company had net operating loss carry forwards of approximately \$30,855 and \$17 available to offset future taxable income. The net operating loss carry forwards, if not utilized, will begin to expire in 2037.

Based on the available objective evidence, including the Company's history of losses, management believes it is more likely than not that the net deferred tax assets will not be fully realizable. Accordingly, the Company has provided for a full valuation allowance against its net deferred tax assets at December 31, 2016 and 2015. The Company had no uncertain tax positions as of December 31, 2016.

Note 8 – Subsequent Events

In December 2016, the Company issued a convertible note payable in the amount of \$34,600 (the "December 2016 Convertible Note"). This note is due 90 days from the date of the note. At the discretion of the investor, this note is also convertible into common stock of the Company 90 days after issuance at a rate of \$0.002 per share, or a total of 17,300,000 shares. Since the conversion price of the December 2016 Convertible Note was above the stock price of \$0.001 established in recent transactions, there was no beneficial conversion feature associated with this note. The December 2016 Convertible Note was not funded until January 13, 2017, and therefore was not recorded on the books of the Company at December 31, 2016.

On January 26, 2017, the Company engaged Island Stock Transfer to be the transfer agent for the Company's common stock.

We evaluated subsequent events after the balance sheet date through the date the financial statements were issued. We did not identify any additional material events or transactions occurring during this subsequent event reporting period that required further recognition or disclosure in these financial statements.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Our management evaluated the effectiveness of our disclosure controls and procedures as of December 31, 2016 (the “Evaluation Date”). The term “disclosure controls and procedures,” as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company’s management, including its principal executive and principal financial officers, as appropriate, to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of December 31, 2016, our management concluded that, as of such date, our disclosure controls and procedures were not effective at the reasonable assurance level.

Management’s Annual Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with GAAP. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management has conducted an assessment, including testing of the effectiveness, of our internal control over financial reporting as of Evaluation Date. Management’s assessment of internal control over financial reporting was conducted using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control — Integrated Framework (2013 Framework).

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth certain information regarding beneficial ownership of the common and preferred stock as of March 6, 2017, by (i) each person who is known by the Company to own beneficially more than 5% of any classes of outstanding common stock, (ii) each director of the Company, (iii) each of the Chief Executive Officers and the executive officers (collectively, the "Named Executive Officers") and (iv) all directors and executive officers of the Company as a group.

The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 and 13d-5 of the Exchange Act, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under securities law, a person is considered a "beneficial owner" of a security if that person has or shares power to vote or direct the voting of such security or the power to dispose of such security. A person is also considered to be a beneficial owner of any securities of which the person has a right to acquire beneficial ownership within 60 days. We believe that each individual or entity named has sole investment and voting power with respect to the securities indicated as beneficially owned by them, subject to community property laws, where applicable, except where otherwise noted. Unless otherwise stated, the address of each person is disclosed in the table below.

This table is based upon information obtained from our stock records. Unless otherwise indicated in the footnotes to the above table and subject to community property laws where applicable, we believe that each shareholder named in the above table has sole or shared voting and investment power with respect to the shares indicated as beneficially owned.

**CERTIFICATION BY THE CHIEF EXECUTIVE OFFICER
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Gene Nelson, certify that:

1. I have reviewed this annual report for the year ended December 31, 2016 on Form 10-K /A of ALL SOFT GELS INC.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control for financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the issuer and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the issuer is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the issuer's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the issuer's internal control over financial reporting that occurred during the issuer's most recent fiscal quarter (the issuer's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the issuer's internal control over financial reporting; and
5. The issuer's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the business issuer's auditors and the audit committee of the issuer's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the issuer's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the issuer's internal control over financial reporting.
